Interactive Media Designer

Nyx Violet Schütz
25 y/o, she/her
info@nyxviolet.com
Lausanne, CH

I started making videos at 11 and discovered web design at 13. I quickly got passionate about both and it led me to start and complete an apprenticeship in IMD. It gave me the opportunity to solidify my ground skills and pushed me to go even further on my own. My knowledge allowed me to teach parts of my job to apprentices during my year as a teacher's assistant.
